

# The NETI Colonoscopy Workshop

Lectures and live demonstration of techniques  
in diagnostic and therapeutic colonoscopy

## Registration Form

Monday 3 August 2009

The Royal Melbourne Hospital  
Grattan Street  
Parkville VIC 3050

## About NETI

To enhance and coordinate colonoscopy training in Australia, the Gastroenterological Society of Australia (GESA) and Australian Gastrointestinal Endoscopy Association (AGEA) have established the 'National Endoscopy Training Initiative' (NETI).

NETI comprises a series of standardised national workshops, which are aimed at physician and surgeon colonoscopists and trainees, and cover the basic principles and practice of colonoscopy. The Royal Melbourne Hospital is pleased to collaborate with GESA through NETI to conduct these workshops.

## The NETI Colonoscopy Workshop

**Monday 3 August 2009**

Charles Latrobe Theatre  
Ground Floor  
The Royal Melbourne Hospital  
Grattan Street  
Parkville VIC 3050

7.30am Arrival and Registration.

Proceedings commence promptly at 8:00am and finish at 4pm.

## Target Audience

The NETI Basic Colonoscopy Workshop is designed for physician and surgeon colonoscopy trainees; practising endoscopists and endoscopy nurses are welcome if numbers allow permit.

## Workshop Format

**The workshop will comprise:**

- Live colonoscopy demonstrations broadcast from the endoscopy suite utilising the Olympus magnetic imager ScopeGuide
- Short, state of the art reviews by interstate and local faculty
- Interactive panel discussions of clinical challenges in colonoscopy

## Learning Objectives

**Upon completion of the workshop, participants will:**

1. Understand the principles of diagnostic and therapeutic colonoscopy
2. Understand the principles and practice of patient preparation for colonoscopy, including indications/consent/bowel preparation
3. Know the indications for use of prophylactic antibiotics during colonoscopy
4. Be familiar with the design and function of the endoscope
5. Be familiar with the controls and handling of a colonoscope
6. Understand the principles and techniques for colonoscope insertion including torque steering, loop recognition and reduction
7. Understand the principles and techniques for colonoscope withdrawal to maximise mucosal views and lesion detection
8. Understand the principles and safety considerations of diathermy and its use in endoscopy
9. Be familiar with the accessories used and understand the principles of colonoscopic biopsy and polypectomy

## Registration Fees

\$220 (incl GST) per member.

Registration includes attendance at the full day live NETI workshop, course materials and catering.

## How to Register

Workshop registration is only available on this form. Payment can be made via credit card or cheque. Registration will not be confirmed until payment is received.

Numbers are limited, so please register early to guarantee your place. Please contact Judy Mitcham, on 1300 766 176 (jmitcham@gesa.org.au), for further information.
